

## CONSOLIDATED GROUP MANAGEMENT SERVICES

*We group together employers and provide them with cost effective safety programs and training. This includes: implementation of their safety programs, safety audits, assistance in procuring and budgeting safety and personal protective equipment, accident investigations, standard interpretations, annual refresher training and maintain a positive attitude towards a safe working environment.*

- ✓ Group members share the cost of the consultant.
- ✓ Cities, Towns, Villages, Water and Wastewater Districts.
- ✓ All departments can be covered.
- ✓ Ensure compliance with the State and Federal Requirements.
- ✓ Train the Group Members to bring them into compliance with the latest safety requirements.
- ✓ Provide the necessary documentation for compliance.
- ✓ Assist the Group Members with implementation of their site-specific programs to establish and maintain a positive attitude towards a safe working environment.
- ✓ Provide ongoing safety audits to maintain the site-specific programs.
- ✓ Provide a group recordkeeping management system.
- ✓ Assist the Group Members with compliance inspections.

*Share the cost of training and audits with your Group Members. This concept is a proven way to save money and stay in compliance with the latest safety and health regulations. Give us a call and we can setup a presentation in your area.*
